

PANDA — MVP Narrative for Investors

Panda simplifies global buying by reducing confusion, risk, and miscommunication — without touching money. Our MVP focuses on trust, visibility, and documented proof.

Problem

Buyers struggle with unreliable communication, missing documentation, and zero visibility between quote, order, production, and shipment.

Solution (MVP Scope)

- Structured RFQ for clean quotations
- Order tracking with milestones and documents
- Live Verification tickets for proof and transparency
- Permanent audit trail and timeline

What makes Panda different

- Trust-first workflow instead of payments-first
- Proof packages that outlive WhatsApp conversations
- Simple, disciplined MVP — easy to scale later

Roadmap (High Level)

- Phase 1 — MVP workflow & verification
- Phase 2 — Moderation + dispute tools
- Phase 3 — Payments & logistics integration (carefully)
